(n) CLEAN WATER RESEARCH AND TECHNOLOGY
ACCELERATION.—The Director shall award grants on a
competitive, merit-reviewed basis to institutions of higher
education or non-profit organizations (or consortia of such
institutions or organizations) to—

(1) support transdisciplinary research to signifi-
cantly advance our understanding of water avail-
ability, quality, and dynamics and the impact of
human activity and a changing climate on urban and
rural water and wastewater systems;

(2) develop, pilot and deploy innovative tech-
nologies, systems, and other approaches to identi-
ifying and addressing challenges that affect water
availability, quality, and security, including through
direct engagement with affected communities and
partnerships with the private sector, State, tribal,
and local governments, non-profit organizations and
water management professionals; and

(3) grow the scientific workforce capable of
studying and managing water and wastewater sys-
tems, through education, training, and other professional development.
