A BILL

To provide for greater accountability in Federal funding for scientific research, to promote the progress of science in the United States that serves that national interest.

Be it enacted by the Senate and House of Representa-
tives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Scientific Research in
the National Interest Act”.

1
SEC. 2. GREATER ACCOUNTABILITY IN FEDERAL FUNDING FOR RESEARCH.

(a) STANDARD FOR AWARD OF GRANTS.—The National Science Foundation shall award Federal funding for basic research and education in the sciences through a new research grant or cooperative agreement only if an affirmative determination is made by the Foundation under subsection (b) and written justification relating thereto is published under subsection (c).

(b) DETERMINATION.—A determination referred to in subsection (a) is a justification by the responsible Foundation official as to how the research grant or cooperative agreement promotes the progress of science in the United States, consistent with the Foundation mission as established in the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.), and further—

(1) is worthy of Federal funding; and

(2) is in the national interest, as indicated by having the potential to achieve—

(A) increased economic competitiveness in the United States;

(B) advancement of the health and welfare of the American public;

(C) development of an American STEM workforce that is globally competitive;
(D) increased public scientific literacy and
public engagement with science and technology
in the United States;

(E) increased partnerships between aca-
demia and industry in the United States;

(F) support for the national defense of the
United States; or

(G) promotion of the progress of science
for the United States.

(c) Written Justification.—Public announce-
ment of each award of Federal funding described in sub-
section (a) shall include a written justification from the
responsible Foundation official as to how a grant or coop-
erative agreement meets the requirements of subsection
(b).

(d) Implementation.—A determination under sub-
section (b) shall be made after a research grant or coop-
ervative agreement proposal has satisfied the Foundation’s
reviews for Merit and Broader Impacts. Nothing in this
section shall be construed as altering the Foundation’s in-
tellectual merit or broader impacts criteria for evaluating
grant applications.
