**Subject:** RE: Mason Korea direct payments from Korean Government

There are subsidy payments made from the Korean Government to Mason Korea, LLC. The payments have been in place since Dec-2013 and are used to support the start-up operations of the campus. The annual payments are made in South Korean Won, 1.2B KRW. Using the applicable conversion rates, the payments in USD by year are as follows:

2013	1,132,182.29
2014	1,123,027.77
2015	1,027,333.29
Total	<u>3,282,543.35</u>

I don't think any payments have been received in 2016, though I believe there will be one soon.

In addition to the subsidy payments, the Korean Government also provides periodic interest free loans to Mason Korea, LLC. A summary schedule of the loans are as follows:

2014	\$ 523,407.76
2015	\$ 229,616.91
2016	\$ 212,918.17
Total	<u>\$ 965,942.84</u>
Loan Repayments net of currency conversion impact	\$ 294,615.67
Current loan balance	<u>\$ 671,327.17</u>
