MARINE CORPS LEAGUE

National Headquarters

November 16, 2017

From: Robert Borka, COO HQMCL
To: Congressman Neal Dunn
Congressman Mark Takano
Subj: Supporting Veterans in STEM Careers Act
Congressman Dunn and Congressman Takano,

The Marine Corps League is proud to endorse the Supporting Veterans in STEM Careers Act. With thousands of our military members returning to the workforce each year, it is important to couple their discipline and work ethic with careers in science, technology, engineering, and math. We appreciate the effort and focus on America's Veterans.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Borka".

Robert (Bob) Borka
Chief Operating Officer
